SUMMER READING CLUB NOTES — 1990

Theme: Summer Safari

Opening Party: Wednesday, June 27, 1990 – 10:00 a.m. or 3:00 p.m.

Tickets Available: Monday, June 18, 1990

Programs: Wednesdays at 3:00 p.m.

For Ages: 6-11 – will take younger, if they are <u>readers</u>

Read-to-Me Club – We will <u>not</u> run a formal Read-to-Me Club this year.

Ending: Wednesday, August 15, 1990 – 3:00 p.m.

Summer Reading Club

    This year there are a few changes in the club format. We are not asking for individual goals from the members. All children in the club will have a goal of <u>5</u>. When they meet that goal, they are considered to have completed the SRC and will receive a certificate. We certainly encourage additional reading, and offer incentives to children to keep going.

Incentives   Reading River

5 books – certificate   5 – certificate
10 books – choice of sticker or bookmark   10 – choice of sticker or bookmark
15 books – ice cream coupon   15 – ice cream coupon
20 books – sticker, bookmark   20 – pencil

The River Safari is for children entering Grades 4 through 7. If they complete the River Safari Sheet (20 books),they may do the other club format.

When a child completes 5 books, he or she will bring his/her reading record to show the librarian. Please initial and date the record, then fill out a certificate with the child's name in your <u>best printing!!</u> Please use a <u>black</u> <u>Flair</u> <u>pen</u>.
Record child's name in the SRC notebook – this is <u>VERY</u> important for our statistics.

Do the same for the River Safari members.

Materials are behind desk. Incentives are in bottom left drawer. Certificates will be kept at the desk.

Drawing for free books will be held at the Wednesday programs. Children who have read a book during the week are eligible to enter.

SRC STATISTICS   1998

PRIZES	GRADES 1-3	GRADES 4 & UP	ALL AGE TOTALS
(2 hours)			
(5 hours)			
(9 hours)			
(14 hours)			
(20 hours)			
More than 30 hours			
More than 40 hours			
More than 60 hours			
0 hours read			

Statistics were gathered the day _before_ the SRC ending party.

Family Reading Fun

Family Name _____   Number Participating_____

Reading is a family affair! Put a sticker on each day an adult and child <u>read</u> <u>aloud</u>
<u>together.</u> Turn this in to a librarian to receive a certificate.

Check the library for programs for all ages!

Summer Reading Challenge Instructions 2015

1. Readers in Grades 1-5 can sign up beginning June 22.

2. Fill out child's name and other information on the sign-up sheet. Challenge yourself! How many days will you read this summer? Put the number of days in the Challenge column.

3. Give each child an "Every Hero Has A Story" reading log and a sheet of mini-stickers . They put their name on the reading log and will <u>take it home</u> to keep track of their reading. Tell them they will need to bring it back to the library each time they collect a prize.

4. Readers put a sticker on for each day they read. Prizes are awarded for every 5 stickers. When they have 5, 10, 15, etc. stickers they bring the reading log back to the library to collect a prize. Staff will draw a slash over each sticker counted, date it and indicate when a prize is awarded. Please indicate prize 1, prize 2, prize 3,etc. Please initial the log to indicate they received a prize.

   They have their choice of prize at each prize level.

   If they reach their challenge goal they earn a raffle ticket for an end-of-summer prize give-away. Once they reach their challenge goal they can re-challenge themselves but they only get 1 raffle ticket.

5. After 5 stickers they also receive a coupon for a free child's admission to miSci. After 10 stickers they receive a Whitney Bookstore coupon.

6. Put the filled out raffle ticket in the bucket marked "children's raffle".

Family Reading Fun 2015

For families with pre-school children who do activities together.

Registration begins June 22

1. Register each family on the log-in sheet.

2. Give each family an "Every Hero Has A Story" Family Activity Log with stickers attached. They can supplement with their own stickers or crayons if they wish.

3. Families place a sticker on the activity sheet for each activity they complete.

4. Turn it in for a small prize.

Teen Video Challenge

A UNIVERSE of Stories

© 2019 CSLP

Create a Summer Reading Video!

- Get national exposure! Winning videos will be posted to the CSLP website and viewed across the country.
- Open to all New York State teens, aged 13-18.
- Include your interpretation of the 2019 CSLP slogan "A Universe of Stories" for the 2019 Summer Reading Program.
- Promote libraries and the fun of Summer Reading activities.
- Each of the 5 winning teens/teen teams will receive a $200 cash prize and the winners' local libraries will each receive a $50 gift certificate from Upstart.

Submissions accepted from June 1 to August 2 2019!

Summer Reading
AT NEW YORK LIBRARIES

https://www.cslpreads.org/2019-a-universe-of-stories-tutorials/

Welcome to 2019 Summer Reading at New York Libraries!

Summertime is fun time for readers of all ages and libraries offer a wide variety of exciting programs and events all summer long ! Browse through our site for summer reading-related materials and resources. "A Universe of Stories" is the 2019 slogan and the theme is space and science, so check out activities being planned by your local library. To join in the fun of Summer Reading and Summer Learning today, just **find your local library website** using our link, and register!

FEATURED NEWS

Craft, Engineer and Make & Take Activities for "A Universe of Stories"

STAR Net is hosting a new webinar in January entitled "Craft, Engineer, and Make & Take Activities for "A Universe of Stories" to talk about the many easy and fun ways you can incorporate hands-on space science and STEM-related activities into your library's 2019 Summer reading program. Registration for this webinar is already full, but you'll

QUESTIONS & DISCUSSION

Boy Space!

Learning styles and boys

Every person has different preferred learning styles!

- Boys tend to show strength in spatial-mechanical tasks
- Boys are energized and motivated by movement
- Spatial-visual tools (pictures/graphics)
- Authentic purpose and meaningful, real-life connections

Strategies for presenting

1. Movement
2. Competition
3. Eyesight
4. Relational learning
5. Differentiate
6. Single Gender Grouping
7. Instructions

1. Movement

1. Competition

1. Eyesight

4. Relational Learning

5. Differentiate

6.   Single-gender groupings for projects can be beneficial

7. Instructions

More on Differentiation!

What is it?

1. Plan programs with different learning styles in mind.
2. Continually assess

Positives:

1. When students are given more choice they take on more responsibility for their own learning.
2. Kids will be more engaged in learning if it is at their level.
3. The more engaged a group is the less likely you will encounter discipline problems.

Drawbacks:

1. Differentiated instruction requires more work during planning.

For more on Differentiation read on Carol Ann Tomlinson

What to do if your boys dominate a program!

- Discuss with the entire group expected behavior

- Do this at the start of **every** program

- Take control and ask to hear from other children specifically

- Break children into Groups for program

- Mindful grouping (especially if you know the kids)

Program Ideas

I try to keep these three things in mind!

1. Competition
2. Real World Application
3. Problem Solving

Make DO Rocket Build

Competition
Real World Application
Problem Solving

Make DO Rocket Build

1. **Day 1:** One upcoming program is a two week series where my group will be using Make Do to build a Rocket to display in the library
     i. Day one will include discussion of the design process
     ii. Drawing Designs
     iii. Coming to a consensus about design
     iv. Cutting Cardboard
2. **Day 2:** Constructing the Rocket and decorating

Circuit Cards

Science and crafts

- Pairing science and crafts will get more buy in from boys
- Having examples that will draw them in is helpful

Builder's Challenge
Competition

Build with:

Legos

Magnatiles

Strawbees

Q BA Maze

Engineering Building Challenges

Build a house of cards - Note cards and stickers

Egg drop - Paper cups, tape, straws

Build a catapult with tongue depressors - tongue depressors, tape, rubber bands

Build a pulley - Plastic cups, string, tape, rubberbands, cardboard

Could you survive A Desert Island?

DESERT ISLAND ITEMS

Program: Have list of objects and ask kids to rank importance. Break into groups and have them rank again.

Extend the Program: Have them build a shelter with limited supplies in groups

Add competition: The studiest structure and highest scoring list SURVIVE the desert island challenge

Coding Unplugged

Differentiated:

1. Codeapillar
2. Code and Go Robot Mouse
3. Cipher

Galaxy Slime

Kids love slime...

There are tons of recipes!

1. Have individual containers ready to go
2. A tarp for the floor (or do it outside)
3. Give them choice of colors and add ins

FOOD!

(Who doesn't get excited about food?)

- **Edible Engineering** - Do your classic STEM building challenge with toothpicks and food like marshmallows or apple chunks
- **Food Science** - MUG Cakes

Helpful Websites

- STEM Program Ideas
- Slime Recipe
- Differentiation

Two Truths and a UFO Story

You should begin making connections with your schools in March.

You should begin making connections with your schools in March.

 It's helpful to enlist your director's help to get into a school.

You should begin making connections with your schools in March.

It's helpful to enlist your director's help to get into a school.

In pitching the school visit, include a "what's in it for me" element.

The school librarian is the most important person to connect with.

The school librarian is the most important person to connect with.

Visiting classes in person is the most effective way to connect with students.

The school librarian is the most important person to connect with.

Visiting classes in person is the most effective way to connect with students.

Booktalking this year's Read It Forward book to teen classes will net more participants in RIF.

Using a hand stamp with younger children is an aid in helping them remember to tell their parents about SRP.

Using a hand stamp with younger children is an aid in helping them remember to tell their parents about SRP.

Flyers for schools should have as much information on them as possible.

Using a hand stamp with younger children is an aid in helping them remember to tell their parents about SRP.

Flyers for schools should have as much information on them as possible.

Sending a thank you note to the school librarian <u>and</u> the principal can make it easier to be allowed back.

Starting a visit with an energetic song or rhyme can capture a younger audience's attention and get them "on your side."

Starting a visit with an energetic song or rhyme can capture a younger audience's attention and get them "on your side."

Involving students or a "game" principal or teacher in a fun or silly role in a skit amps up audience engagement.

Starting a visit with an energetic song or rhyme can capture a younger audience's attention and get them "on your side."

Involving students or a "game" principal or teacher in a fun or silly role in a skit amps up audience engagement.

Being dramatic or silly leads to the most successful school visits.

The time to talk about adding extra staff hours for school visits is in January to allow plenty of time for arrangements.

The time to talk about adding extra staff hours for school visits is in January to allow plenty of time for arrangements.

If you can't visit schools/classes for all ages, early elementary is the highest priority.

The time to talk about adding extra staff hours for school visits is in January to allow plenty of time for arrangements.

If you can't visit schools/classes for all ages, early elementary is the highest priority.

Visiting schools is both energizing and de-energizing.

The target audience for school visits is ultimately the parents.

The target audience for school visits is ultimately the parents.

School visits are one of the highest predictors of SRP registration.
